*Dear Sir,*

You are aware that M/o Rural Development is facilitating conduct of Ease of Living Status Survey being carried out by all the States and UT Administrations based on a Universe as per SECC deprivation/automatic inclusion data. The EoL Survey based on a universe as per SECC deprivation data, holds the promise to bring out the status of saturation and efficacy through public delivery of services with respect to most of the ongoing flagship schemes. Moreover, on completion of the Survey, analytical data will be made available on GIS platform and shared for the consumption of the States and UT Administration in their planning/Antyodaya campaign strategy.

2. It is to bring to your kind notice that while many of the States/UTs have really made good progress or even completed EoL Survey successfully, there are few States/UTs, where the progress of EoL Survey is less or yet to make a beginning. Depending on the feedback received from the States/UTs during last VC on completion of the survey and due to COVID-19 fallout, it has been decided by the Ministry of Rural Development, to extend the timeline for completion of field work of EoL Survey upto 31<sup>st</sup> July, 2021.

3. You would appreciate the fact that every extension holds us back in carrying out targeted national level analysis in a time-bound manner, as well as sharing of information with the States/UTs, who otherwise can use the analytics as policy input and also to ensure beneficiary selection for credible public delivery.

4. I therefore, request your kind attention to take necessary steps and direct the concerned officers to commission the Survey in all the GPs and to complete it by 31.07.2021. It may kindly be noted that no further extension will be given for the conduct of the survey and **field data feeding would be frozen by 05.00 P.M. on 31<sup>st</sup> July, 2021.**

*With regards,*

Yours sincerely,

*Banerjee*
